

# ISE Expert as a Service

Achieve faster value,  
reduce risk, and improve  
security

ModernCyber's *ISE Expert as a Service (ISEEaaS)* is designed to supplement your IT Team by providing on-demand access to experts to manage, maintain, and optimize Cisco ISE. This service helps organizations enhance their existing Cisco ISE deployment, ensuring up-to-date deployments and configuration in accordance with industry best practices.

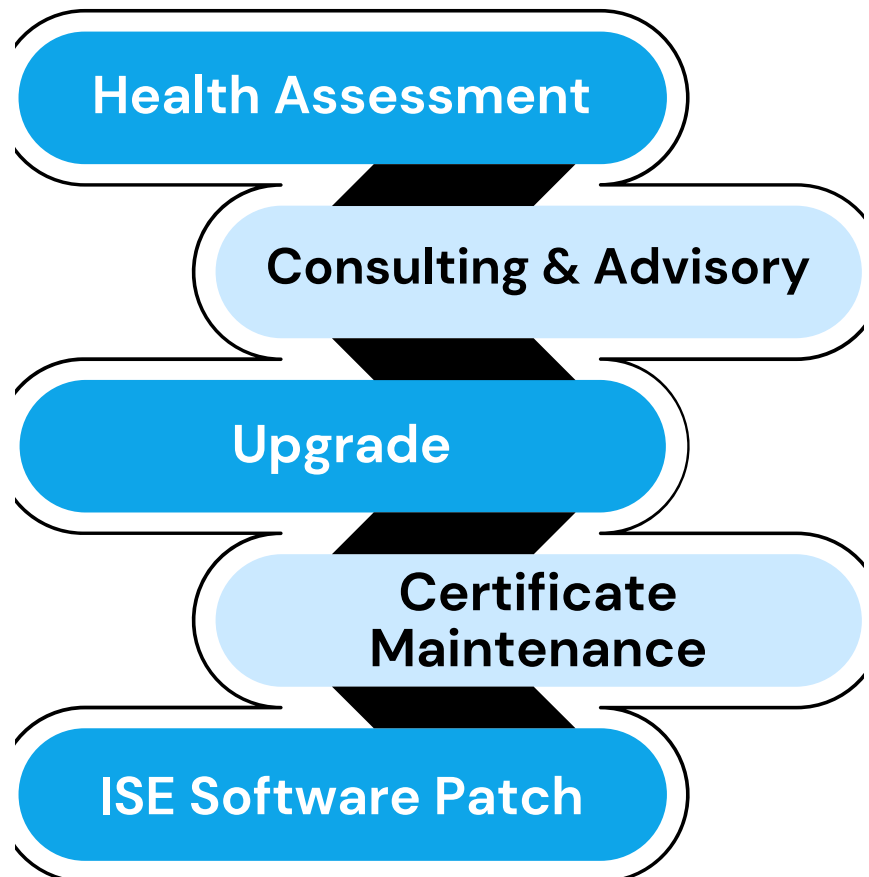

## BENEFITS

- Optimize your Cisco ISE investment by keeping the solution **up-to-date**, adopting **new use-cases**, and enhancing the configuration by incorporating current industry **best practices**.
- Maximize and extend the capabilities of your current IT Team with predictive costs by leveraging our ISE experts for solution escalations, complex use-cases, and integrations.
- Leverage continuous white-glove engagements with Cisco ISE hyper-specialists to assist in the planning, design, and implementation of your ISE adoption journey.
- Minimize risks of configuration changes and upgrades, circumvent complex issues via our proven test plan methodology and solution view.
- Work side-by-side with our technical advisors to assist with troubleshooting and provide customer advocacy with Cisco TAC.

## SERVICE LEVELS

- **ISE Deployment Size**
  - Small – Up to 2 Nodes
  - Medium– Up to 6 Nodes
  - Large– Up to 12 Nodes
  - Custom – Larger than 12 nodes or custom requirements
- **Consulting & Advisory**
  - 3 tiers available to provide incremental resourcing to support organization's priorities and requirements
